## **Section– I**

### **Interpretation of General Conditions of Contract.**

#### **1. GENERAL**

The following general conditions shall be read in conjunction with the other conditions of contract, special conditions of contract, Technical Specifications etc. and shall be considered as an extension and not in limitation of the obligations of the Contractor. In case of discrepancy, if any, between these conditions the precedence shall be as stated elsewhere in the special conditions of contract.

#### **2. DISCREPANCY IN TENDER DOCUMENT**

Should there be any discrepancy, inconsistency, error or omission in the Tender Documents, the Tenderer shall bring it to the notice of the BL officer for necessary clarification / action. In the event such matters are referred to later the decision of the BL Officer directing the manner in which the work is to be carried out shall be final & conclusive and the tenderer shall carry out work in accordance with this decision.

#### **3. SINGULAR AND PLURAL**

Unless otherwise stated or repugnant to the context the singular shall include plural and vice-versa.

## **Section –II**

### **General Instructions to Bidders.**

#### **1. Ethical Standard**

- A. Bidders are expected to observe the highest standard of ethics during the procurement and execution of this Contract. In pursuit of this policy, BL will reject the proposal for award if it determines that the Bidder being considered for award has engaged in corrupt or fraudulent practices in competing for the Contract.

For the purposes of this provision, the terms set forth below are defined as follows:

- i. “*corrupt practice*” means the offering, giving, receiving, or soliciting of anything of value to influence the action in the procurement process or in Contract execution; and
  - ii. “*Fraudulent practice*” means a misrepresentation of facts in order to influence the procurement process
  - iii. “*Collusive practice*” means designs to establish bid prices at artificial, non-competitive levels to deprive BL of the benefits of competition.
- B. Bidder should not be blacklisted by any CPSE/ Central Government Organization. A declaration in this respect must be submitted by the bidder on their letter head duly signed by the Authorised Signatory of the bidder.

#### **2. EARNEST MONEY DEPOSIT**

- b. The Total price must take into account all incidental costs associated with the provision of services including travel, transportation, communications, fees, Licenses cost, cost of service from 3<sup>rd</sup> party for requested integration etc. imposed on the bidder in India or any other country. There should be no other hidden costs for items quoted & no additional expense would be borne by Balmer Lawrie except quoted price. The offer must be made in Indian Rupees only and the offer should include all applicable taxes and other charges, if any.
- c. Quoted commercial / Rates should be valid for 1 year from date of contract with bidder.
- d. Price bid should be quoted only in e-procurement site as per the format as mentioned in AnnexureV.

## **7. Modifications and withdrawals of bids**

The Bidder may modify or withdraw its bid after submission, provided that written notice of the modification or withdrawal is received by BL prior to the deadline prescribed for bid submission as mentioned in Tender Document.

## **8. Bid opening**

1. The tender will be opened on the same day or the day appointed for the same by BL. Offers received without Bid Security shall be rejected.
2. "Price Bid" shall not be opened by BL on the same day and same shall remain unopened in the e-procurement site until such time that technical evaluation is completed.

## **9. Preliminary examination of bids**

- a. BL will examine the bids to determine whether they are complete, whether the documents have been properly signed and whether the bids are generally in order. Any bids found to be non-responsive for any reason or not meeting the criteria specified in the Bidding Documents will be rejected by BL and shall not be included for further consideration. BL will also carry out a preliminary examination of any alternative bids submitted by Bidders.
- b. Prior to the detailed evaluation, BL will determine whether each bid is complete, and is responsive to the Bidding Documents. For the purposes of this determination, a responsive bid is one that conforms to all the terms, conditions, and specifications of the Bidding Documents.

## **10. Clarifications**

During the bid evaluation, BL may, at its discretion, ask the Bidder for a written clarification of its bid, which the bidder is bound to provide, within specified time failing which BL may at its discretion reject the bid.

## **11. Award of Contract/ Purchase Order**

- Balmer Lawrie reserves the right to accept or reject any First (Original) or Updated bid, and to annul the bidding process and reject all bids at any time prior to award of Contract, without thereby incurring any liability to the affected Bidder or any obligation to inform the affected Bidder of the grounds for such action.
- BL may at its own discretion cancel the tender without assigning any reason to the bidder.

## **12. Performance Bank Guarantee**

- 12.1 The Contractor shall provide the Bank Guarantee from Nationalised Bank in favour of Balmer Lawrie at the times and in amount, manner and form specified in Annexure II. The security deposit shall be for the due and faithful performance of the contract and shall remain binding notwithstanding such variations, alterations or extension of time as may be made, given, conceded or agreed to the Contractor and the Purchaser.
- 12.2 The security deposit furnished by the Contractor will be subject to terms and conditions of the contract finally concluded between the party and the Purchaser will not be liable for payment of any interest on the security deposit or any depreciation thereof, or in case of bank deposit receipt, any loss resulting on account of failure of the bank. The security deposit shall be refunded/ bank guarantee released on application by the Contractor after

the expiry of the guarantee period and after he has discharged all his obligations under the contract.

- I. If the contractor is unable to complete the jobs specified in the scope of work as per the agreed project plan, it may request owner for extension of the time with unconditionally agreeing for payment of LD. Upon receipt of such a request, owner may at its discretion extend the period of completion and shall recover from the contractor, as an ascertained and agreed Liquidated Damages, a sum equivalent to 0.50% of contract value for each week of delay or part thereof. Any recovery of Liquidated Damages shall be effected from the amount payable to the Contractor and Performance Bank Guarantee. The LD shall be limited to 10% of the total contract value.
- II. The parties agree that the sum specified above is not a penalty but a genuine pre-estimate of the loss/ damage which will be suffered by the owner on account of delay/ breach on the part of the CONTRACTOR and the said amount will be payable by the contractor without proof of actual loss or damage caused by such delay/breach. Notwithstanding what is stated in Clause above, BL shall have the right to employ any other agency to complete the remaining work at the risk and cost of the Contractor, in the event of his failing to complete the work within the stipulated time or in the event progress of Contractor's work is behind schedule, as judged by the BL officer.

- III. If in the opinion of the BL officer the works have been delayed beyond the day of completion:
1. By force Majeure or
  2. By reasons of exceptionally inclement weather or

By reason of civil commotion, illegal strikes or lock-out in which case the Contractor should immediately give written notice thereof to the owner.

Then the Owner may in writing make a fair and reasonable extension of time for completion of the works, provided further that the Contractor shall constantly use his best endeavor to proceed with the works. Nothing herein shall prejudice the rights of the Owner in this regard.

### **Technical Requirement**

#### **1. Background.**

Balmer Lawrie & Co. Ltd (BL), a Govt. of India Enterprise under the Ministry of Petroleum & Natural Gas is a professionally managed multi-location company with business spanning both in manufacturing and service sectors. Please visit [www.balmerlawrie.com](http://www.balmerlawrie.com) for details of various businesses and locations of the company. The organization is steadily growing and relies heavily on the IT Infrastructure to enable the growth and operationalize efficiencies.

BL operations and user base is spread across 30 locations with Corporate Office at Kolkata having around 180 users, factory locations have less than 100 users while small spoke locations have around 10 users. The application infrastructure is already centralized at the Primary Data Centre in Kolkata and a Near Disaster Recovery Centre (NDR Site) has been built at Ballygunge, Kolkata (approx. 12 kms from BL HO). The primary Data Centre is accessed by the users from various locations through MPLS VPN network or through Internet.

The current infrastructure system comprises of core business application Servers supporting five strategic business units that are hosted at the Data Centre in Kolkata. The applications are hosted on disparate platforms on individual Servers. The business functions are executed with the help of these applications on a real time basis. BL has implemented SAP as ERP solution for its manufacturing SBU – Industrial Packaging (IP) and Grease & Lubricant (G&L), the Financial Accounting module of SAP is applicable for the whole organization. Besides the SAP Solution, the Service Business Units of Travel & Vacations (T&V), Logistic Services and Logistic Infrastructure operates on its core business application procured and customized for BL. The IT Infrastructure for SBU-Travel is hosted on a third party infrastructure outside BL's Data Centre and the application connects to SAP application through IPSEC tunnel.

Apart from the above, BL has invested in 3 EMC Data Domain for Disk based backup solution placed at Central Data Centre, Near DR Site (Ballygunge, Kolkata) and Far DR Site (Gurgaon).

Each RO's have a separate internet connectivity with a mix and match of Broadband and ILL connectivity from various ISPs. Each of these locations have routers for MPLS, ILL or ADSL for Broadband. Servers and Desktops are protected by Trend Micro Antivirus.

#### **2. Requirement Synopsis**

Balmer Lawrie wishes to engage competent organisation for conducting Vulnerability Assessment and Penetration Testing(VAPT) of underlying infrastructure deployed at BL's IT ecosystem which include Central Data Centre - Kolkata, Near Disaster Recovery Centre - Ballygunge, Kolkata, Far DR Site - Gurgaon and various Regional Offices of BL. Based on the contents of the RFP, the selected bidder shall be required to independently arrive at approach and methodology, based on industry best practices after taking into consideration the effort estimation to perform all such tasks, render requisite services and make available resources as may be required for successful completion of the entire assignment at no additional cost to BL.

**Note:** . VAPT of Internet facing applications and Website / Web Applications is not in the scope of this tender as the same is being carried out by another consultant.

**List of IT Infrastructure**

S. No	IT Assets	Details	Qty
1	Physical Servers	IBM, DELL, HP	56
2	Virtual Servers	PowerVM, HyperV	50
3	Storage	IBM, Dell, EMC	3
4	Routers	CISCO 2911, 2811, 1911,1841,867	9
5	Firewall	Checkpoint 4800, 2200, CISCO ASA 5505	13
6	CoreSwitch	CISCO 6506-E	2
7	Switches	CISCO 3850, 3650, 3560, 2960, CE-500, D-Link, TPLink, Dell N4064, 2048	70
9	Load Balancer	Peplink	1
10	Secure Web Gateway	Bluecoat SWG S200	1
11	Desktop	HP, Dell, Wipro	600
12	Laptop	HP, Dell	450

N.B. The above list is only indicative and not exhaustive one

**3. Scope of work**

The selected bidder should carry out an assessment of Vulnerability and Threats and assess the risks in the company's Information Technology infrastructure. This would including identifying existing threats if any and suggest remedial solutions and recommendation of the same to mitigate all identified risks with the objective of enhancing the security of information systems. In addition to the remote assessment selected bidder shall also perform the onsite assessment of IT Assets under the scope of the RFP and should perform all the three security assessment methods i.e. examination, test and interview. The bidder would be required to provide services broadly in the following categories:

- Approach and Project Schedule which would include projected time span.
- Methodology
- Submission of Draft Security Assessment Report / VAPT report etc.
- Provide Guidance to fix the gaps indicated and provide alternate recommendation in case primary recommendation is not feasible to implement.
- Retest the environment after the flagged security areas are fixed by BL.
- Submission of the final report.

N.B. All deliverables as per the scope of this RFP will become the property of BL.

The scope of the activity can be enhanced and/or repeated as per BL's requirement. Initially BL proposes VAPT to be conducted for IT Assets in the Data Centre, Disaster Recovery Site and

Regional Offices but subsequently intends to repeat the activity one or more times within 1 year.

The VAPT exercise must cover the following IT Infrastructure but not limited to:

- All Servers in the Data Centre and Disaster Recovery Site.
- All Firewall Devices in the Data Centre, Disaster Recovery site, and Regional Offices.
- Secure Web Gateway Device in the Data Centre.
- All Routers installed at Data Centre, Disaster Recovery Site and Regional Offices.
- All
- All L3, L2 Network Switches installed at Data Centre, Disaster Recovery Site and Regional Offices.
- All Security Devices including Video Conferencing Devices at Data Centre, Disaster Recovery Site and Regional Offices.
- Desktop and Laptops

It may be noted that the testing would include external and Internal, Black Hat and White Hat testing. During the first spell of Black Hat testing wherein the bidder would scan all the critical application and data and perform penetration test to simulate an external hacking or cyber warfare attack both at application layer as well as network layer, it would be mandatory to inform BL and thereafter BL would decide whether it may or may not be mandatory to inform before the test.

Successful bidder must ensure that during the VAPT activity, level of intrusiveness and boundaries of testing are not violated. The bidder should adhere to applicable laws and rules and regulation and guidelines prescribed by various regulatory, statutory and government authorities during the execution of the test. VAPT activities should be comprehensive but not limited to the following activities:

- Vulnerability Scanning – Check if vulnerability exist in the Servers, Network and Security Devices in scope without disturbing business operations.
- Port Scanning – Find active ports on the Server port addresses on a host.
- Network Scanning – Identify active host on a network for the purpose of simulating attack and also for network security assessment with the help of suitable procedure / tool.
- Malware Scanning
- Spoofing
- War dialing
- Password cracking – Attempting to guess passwords using password cracking tools.
- Access control mapping – ACL has to be reviewed and recommended for improvement.
- System and OS fingerprinting – Guess the system information like type and version of OS etc.
- Denial of Service (DOS) and DDOS attacks
- Man in the Middle attack – To rule out possibilities of eavesdropping.
- Network and Security Device assessment – Review and recommend for improvement.
- Firewall Rule base review.
- IDS/IPS review and fine tuning of signature

- Server assessment (OS security configuration)
- DMZ Network Architecture review
- Man in the Middle attack
- Any other attack

The assessment should include the following for testing:

- DMZ Zone
- Remote Access
- Network Security Assessment and Components
- VPN
- Video Conferencing Network

Approach Document : The bidder would provide presentation on planning, test matrix, approach and methodology in the presence of technical team and management team and would provide approach document which would include but not limited to the following:

- Scope of the VAPT activity
- Project Timelines
- Resources i.e. Team authorized to conduct the assessment along with their credentials.
- Tools to be deployed / used
- Assurance of zero risk / restoration
- Handling of sensitive / critical data and Servers
- Ensuring operational impact
- Measures to be taken in the event of an incident
- Immediate mitigation measures in case of unseen disruption of services.

After the presentation the bidder would submit the document incorporating modification as discussed within 3 days of presentation. After the same is reviewed by BL and consent, the bidder would initiate the activity in coordination with IT Infrastructure team.

#### Draft Security Assessment Report / VAPT report

It is recommended that the report should contain any and all the findings that impact the security posture of the assessed entity in cases where exploitation did not occur. In the testing phase, all relevant test need to be conducted as per the project schedule and satisfactory report should be obtained from the concerned authorities of BL before proceeding it for execution. Potential risks posed by known vulnerabilities and should be ranked. Both external and internal vulnerabilities scan is to be conducted. An external vulnerabilities scan is to be conducted from outside the organization and internal vulnerability scan from inside the organization, The details of IP etc. must be shared before conducting the external vulnerability scan. Description of each vulnerability verified and/or potential issue discovered should be provided. More specific risk that the vulnerability may pose, including method as to how and what extent it may be exploited should be provided.

Documentation of identified vulnerability : The report should contain all the details of the step, test vectors, and exploited vulnerabilities that lead to positive and/or false positive penetration during testing for which remediation and retesting are required. It is important to identify vulnerabilities that are not always exploited but may pose a potential risk to the environment.

The reports must have the following items:

- Executive summary
- Statement of Scope
- Statement of Methodology
- Limitations
- Segmentations
- Summary of Test results
- Recommendations
- Tool used
- Clean up

#### Recommendations

Remediation recommendations to close the deficiencies identified, Detailed steps (wherever/whenever applicable) to be followed while mitigating the reported deficiencies. Security issues that pose an imminent threat to the system are to be reported immediately. In case the primary recommendation is not feasible for BL to implement for any reason, bidder would give the alternate recommendations.

#### Retest after the Draft report

After the submission of draft report and recommendation, BL would fix the identified vulnerabilities within a mutually agreed time period. Thereafter, Bidder shall perform a retest to validate the newly implemented control mitigate the original risk. The scope of a retest should consider whether any changes occurring as a result of remediation identified from the test are classified as significant. All changes should be retested, however, whether a complete system retest is necessary will be determined by the risk assessment of those changes.

#### Submission of Final Report

After the retest is performed, the bidder shall submit its final report as following:

- Executive summary
- Statement of Scope
- Review of past threats and vulnerabilities
- Statement of methodology
- Limitations
- Summary of Test results
- Recommendations
- Tools Used
- Clean Up

#### Tools and Resources

All the software, hardware equipment like laptops, tools etc. to carry out the assignment has to be brought by the selected bidder at no extra cost. Selected bidder will use audit tools that are licensed and not a trial version. In case of the same is of open source kind, bidder should ensure that there is no risk to BL and its IT Assets. Bidder should disclose the details of the automated tools used to accomplish the assessment process. The bidder must have a valid license of the said automated tool(s).

#### Training and Awareness programme

Bidder should provide training to BL's officials with respect to IT Security and best practices to protect the IT Assets from any kind of security threats.

#### 4. Evaluation Methodology

The objective of evolving this evaluation methodology is to facilitate the selection of the most optimal solution which would meet the business requirements of BL. The bid would be first evaluated on technical capability and then on the financials. All bids shall be evaluated by an Evaluation Committee set up for this purpose by the BL. The evaluation shall be on the basis of quality of the solution & services offered and the price quoted.

The Technical Evaluation shall have the weightage of 100 marks for evaluation, and this weightage shall be taken into consideration for arriving at the overloading factor on the commercials of the Bidder. Notice for Technical presentation would be sent to those bidders who have qualified the Mandatory Qualifying Criteria.

The technical proposals will be subjected to evaluation at the first stage. The bidders scoring less than 60 marks (cut-off marks) out of 100 marks in the technical evaluation shall not be considered for commercial opening of the bids. Once the evaluation of technical proposals is completed, the bidders who score more than the prescribed cut-off score will only be short-listed for commercial opening of the bids.

<b>1. Technical Score</b>	
Each Requirement will have a technical Score. The maximum sum of all the technical scores is equal to 100. A Solution must score minimum 60 marks to be technical qualified and to be considered for commercial evaluation. The score achieved by a solution will be called <b>Technical Score (TS)</b>	
<b>1.1 Bidder's Experience ( Max 50 marks)</b>	<b>Marks</b>
<ul style="list-style-type: none"><li>• The bidder should have conducted at least 1 (One) VAPT (as per scope of this tender) in an Organization who is in business in India for last 3 years.</li></ul>	<ul style="list-style-type: none"><li>• <b>1 Customer = 5</b></li><li>• <b>2 or 3 Customer = 10</b></li><li>• <b>&gt;=4 Customer = 20</b></li></ul>

<ul style="list-style-type: none"><li>• Details of Tools to be deployed and persons trained on those tools (3 marks for each licensed tool and additional 2 marks for certified team member on the same licensed tool)</li></ul>	<ul style="list-style-type: none"><li>• <b>10 marks</b></li></ul>
<b>Technical Presentation ( Max 50 Marks)</b> The Technical presentation would comprise of the following <ol style="list-style-type: none"><li>1. Understanding of the Requirement.</li><li>2. Approach to the solution</li><li>3. Differentiator</li></ol>	<b>20 marks</b> <b>20 marks</b> <b>10 marks</b>

## 2 Commercial Scaling

The Price-Bid evaluation is done only for those bids which are responsive and have secured a Technical score of 60 marks at least. Evaluation of Price Bids will be based on the relative competitiveness of the bids based on Total Cost of Ownership (TCO) of the solution to BL. Following will be the logic of TCOmod through financial bid will be evaluated for relative competitiveness

1. Bidder scoring 60 – 69 in Technical score – TCO will be scaled up by 1.4 times (TCOmod = Original TCO\*1.4)
2. Bidder scoring 70 – 70 in Technical score – TCO will be scaled up by 1.2 times (TCOmod = Original TCO\*1.2)
3. Bidder scoring 80 – 100 in technical score – TCO will be scaled up by 1.0 times (TCOmod = Original TCO)

## 5. Contract Completion Certificate

Completion Certificate shall be issued by BL after successful completion of work. Bidder has no other obligation under agreement. Submission of final documentation incorporating all the modifications.

### **Note:**

The bidder should provide compliance statement for all the above specifications of technical requirements against each item.
