In these times of the pandemic, the month of June had special significance as we observed the World Environment Day (WED) on 5<sup>th</sup> June and the International Day of Yoga (IDY) on 21<sup>st</sup> June. COVID-19 has reinforced the old adage 'Health is Wealth' and while we take all measures to remain healthy and safe, protecting our environment is also equally important. We owe our future generations a safe world to live in. The theme for WED was 'Ecosystem Restoration'. An online quiz was organised for all employees on the occasion and various units pan India witnessed tree plantation drives.

The world observed the 7<sup>th</sup> International Day of Yoga (IDY) on 21<sup>st</sup> June 2021. Owing to the COVID-19 pandemic, like last year, IDY was observed in a non-congregative manner. Ministry of AYUSH, GOI organised a televised programme including the 45-minute long Common Yoga Protocol (CYP) drill. The highlight of the programme was Hon'ble Prime Minister, Shri Narendra Modi's address. 'Be with Yoga and Be at Home' and 'Yoga for Wellness' were the themes this year. The CYP is a Yoga Protocol developed by accomplished Yoga experts, to facilitate harmony in the observation of IDY. We will bring you glimpses of World Environment Day and IDY celebrations at Balmer Lawrie in the July 2021 issue of BLOOM.

“Yoga is a symbol of universal aspiration for health and wellbeing. It is health assurance in zero budget.”

Narendra Modi  
Prime Minister

In view of the extraordinary crisis situation arising due to havoc created by the COVID-19 2<sup>nd</sup> wave and shortage of availability of oxygen across India, it was decided that each Oil PSU under the administrative control of MOPNG would set up Pressure Swing Adsorption (PSA) Oxygen Plant of adequate capacity at identified hospitals in different states as per the directive of the Health Ministry. Each of the Oil PSUs is responsible for commissioning of the PSA Plant. Balmer Lawrie has been entrusted with the responsibility to install plants in 05 Locations in the state of Karnataka.

In the current year CSR activities of PSEs are focused more on oxygen plant installation, oxygen cylinders and oxygen concentrator distribution, vaccination drives and distribution of mask and sanitizers to communities.

Balmer Lawrie sponsored the installation of Pressure Swing Adsorption (PSA) oxygen plant of adequate capacity at identified hospitals in the state of Karnataka.
